The Story:

Lady advertises as :

Young and beautiful masseuse in Leicester offering amazing full naked TANTRIC & SWEDISH MASSAGE with happy ending by HAND RELIEF(massage of your private area), giving you an amazing orgasm. # professional, qualified masseuse, full naturist#

I can't deny she was young and beautiful, but the rest is fantasy. She was fully clothed throughout the massage whereas in her profile it says 'full naked' and 'full naturist'! At the very end I had to ask her to take off your top and she very reluctantly said yes after she had finished my legs! She refused to take off your shorts. Leaving her shorts on does not constitute 'full naked' or 'full naturist'!

As regards tantric , it was not. Definition of tantric :

"Tantric massage is sensual , erotic , full body to body massage. It is an amazing and intimate experience.

A tantric massage is relaxing and sensual at the same time, the Lingam massage towards the end of the session is a long tease where you are encouraged to postpone your ejaculation. If the masseuse is a true practitioner, she can teach you a few control techniques if you so wish."

I did not experience any of these with her, only a rushed rough hand job at the end. Hardly sensual, or teasing?

I should have seen the warning signs as I contacted her and had no problems getting an appointment at 5pm on a Friday afternoon.

Avoid.
