The Story:

Incredible. One of the best punts I've had. Was feeling a little nervous as it had been a while since doing this but I was put at ease right away with a hug and a kiss and a cheeky smile as if to say "you know what comes next". No sooner had I handed over the paper work she was unzipping me & couldn't wait to have my now throbbing cock inside her mouth. I felt like I was getting a bit too carried away so asked to give her some oral too, she stripped off her clothes and I went down on her sweet tasting smooth pussy. She was enjoying this, I could feel her getting moist with my fingers, I even let her lick this off my fingers. I could tell she was hungry for my cock though so it was on with the rubber and had some great doggy style. After a while she said "I want you to finish in my mouth", how could I refuse. When I got near I pulled out, she ripped off the rubber and sucked me like there was no tomorrow and I had the most intense orgasm, she swallowed the lot and said "I bet there's more where that came from". We had a good chat in between, she's great company. Then onto round two, this time finishing with a facial. Glad I booked for 2 hours, she loves to make you feel like you're the only person that matters in that moment, and for sure, once is never enough with her!
