The Lady:

Sara retired some time ago and now is back.

She is a large framed lady and quite tall.

She dresses to please in a horny manner.

The pictures are a couple of years old, though her private pictures haven't changed!

The Story:

Sara opened the door wearing a fetching and revealing dress.

She said hello, long time no see and I said the same to her.

We went through into the lounge where she turned to me and started to French kiss me passionately, so I returned the favour.

She was wearing skimpy knickers and I slid my right hand into them, whereupon she spread her legs.

Her pussy was very wet, I think the thought of a return to escorting had got her worked up, so I slid two fingers into her and started to tease her G spot.

She said that if I carried on, she would soon cum, so I carried on!

She soon came and I felt her pussy contract and she got very sensitive.

I took my fingers out and licked one, offering the other to her.

She asked if I wanted to go up to the bed, or to go onto the couch, I said the couch.

She took her knickers off, sat on the edge of the couch and told to get undressed and lick her pussy.

I licked her inner thighs and flicked my tongue over her clit. She reached down with both hands and spread her pussy lips, giving me access to her pretty and sweet pussy, so I dived in and fingered her clit until she came again.

I sat on the couch and she dropped her knees and took my erect cock into her so soft and warm mouth, holding the base with her hands.

She is of the head bobbing variety, when sucking cock, rather than the wanking into mouth variation, though I am sure that she could do both, so I laid back and watched from the side.

She took me deep and I could feel her tongue on my helmet.

She bobbed her head up and down my full length.

It didn't take long for me to feel myself building up, so I asked to go faster and I shot spurts of cum right into her mouth clamped around my cock.

She didn't stop, just kept bobbing and sucking until she had had every last drop.

She lifted her head up and asked if she had done it right!

She wanted to taste her pussy juices mixed with my cum, so I quickly inserted two fingers into her pussy again, got them nice and wet and offered them to her.

As she still had some of my spunk in her mouth, she got what she wanted!

I will be back again and again.
