The Premises:

Just off the main road but quite a busy building so you can remain quite anonymous. Normal kind of building these girls inhabit. A bit rough on the inside of the building due to miserly landlords charging the earth but not plowing any money back into the upkeep of the building. Don't worry about this, as when you enter May's flat, that all changes and you will find yourself in a clean and inviting ambience which Thai girls are very adept at creating.

The Lady:

May is quite small but not thin. She is a very well-proportioned young lady who when I arrived was dressed in stockings and suspenders as requested via the agency. She has a perfect little body and is extremely pretty. She is of a very happy disposition and was very chatty and laughed a lot and seemed to have taken on our European sense of humour.

The Story:

May was undoubtedly not a disappointment in this department. She was not backward in coming forwards and was quite happy to take the lead which was good because I am quite new to this escorting lark and not overly confident. I have been with a few Thai girls (they are definitely the best) as I had a few disappointments with European girls on my first few forays into this fascinating world. I took my shower and returned to the bedroom where May was waiting patiently on the bed with her legs slightly akimbo revealing the delights that beckoned between her legs, as yet, still hiding behind her pantie's gusset. She immediately pulled my head toward her hidden treasures and I pulled aside her panties and tasted her delicious pussy.

This then graduated to full reverse oral in '69 position with her gorgeous little bum in my face. I'm afraid her oral skills were so good, I couldn't contain myself and that was that. Still had 20 minutes left so had the normal Thai massage (average) and drank a couple of beers with her and genuinely enjoyed her company for the rest of the hour.

There is unfinished business here. I will be returning again soon and hopefully enjoying a bit more of her repertoire!!!
