The Premises:

Missy LuLu had a lovely clean home which was very inviting and had a real homely feel to it. She was willing for me to use her bathroom to shower after our time together and clean towels were provided. She is very professional in how she works and accommodates your visit in her home.

The Lady:

I can assure you that you will not be disappointed. LouLou is a very attractive petite lady, which fits the description of her profile, but don't fooled by her size she has strength and a true dominant side, which was much to my pleasure. She is clean and it clear to see that she takes care of her self from her make-up to her hair, nails and the toned body she has.

The Story:

From the moment I arrived to the moment I left, I felt at ease with LuLu she is a true professional who makes you feel relaxed in her presence even when she is giving you a good spanking. She has an amazing collection of outfits to dress up in for those who enjoying this side of things, I can recommend the cat woman suite, it really does compliment her figure and was a true turn on for me. This was my first visit to an escort and I had some reservations about what to expect, but I could not have asked for a better service and I believe the LuLu has set a high standard that may cause be to be disappointed in other ladies I may choose to meet. Rest assure I will be returning to LuLu and would look to have longer in her company.
