The Premises:

Townhouse in a residential area just outside of the main shopping centre. Fairly busy little avenue on a Sunday afternoon. The taxi driver had a real chuckle after he dropped me off...

The Lady:

Dark eyes, cute face, young, fantastic figure, very down-to-earth and friendly.

The Story:

My first ever punt. But I don't think Gabby believed me. As I said when I was leaving, "it had to be done".

Anyway, was texted the location by Annabella's, got a taxi there and was a bit embarrassed waiting for the driver to head off before going up and ringing the bell. Judging by his laughter as he U-turned and drove past me, he knew full well where I was going.

Rang the bell and a few moments later the door was unlocked and opened by a very down-to-earth but cute looking dark haired girl in a short black dress. I was gestured inside, introduced myself and she asked me to follow her upstairs. I didn't realise this was Gabby, but was impressed by her figure as she climbed the stairs ahead of me.

I fully realise that the pics of girls on the Annabella website are photoshopped to death and I knew that the Spanish (or as one blog review claims, Italian) Gabby wouldn't look as glamorous in the flesh. Which was good, as I don't really go in for the heavy make-up porn star look.

She looks like the kind of girl who'd serve you coffee in a European coffee shop. Which I liked.

We arrived at the first floor, she opened a door and gestured me inside the bedroom, before turning and asking if I was here to see Gabby. I replied yes. She smiled, stuck out her hand for me to shake, saying "I'm Gabby".

She disappeared for a few minutes before returning and sitting on the bed, while I stood feeling very

nervous and unsure as to what happens next. It was my first punt.

Payment sorted out, she recommended, with a hint of dry humour, that I should probably take of my clothes and it was unlikely I'd be needing them. Which I did, while she slipped off her dress and thong.

Cracking figure, large, natural breasts, all-in-all lovely toned body and (fake) tanned.

She suggested I lie down. I lay down on my stomach and she jumped up on top of me before leaning down to look me in my side-turned face, saying, "maybe you'd be better on your back". Again with the dry humour. Which I liked.

No more details to be had from me, other than I eventually got over my nerves and completed the deed.

I'd definitely visit Gabby again. Recommended.
