The Premises:

Basement flat close to Marylebone tube station, small room but a little hot but otherwise fine. Fairly quiet but its London so don't expect silence.

The Lady:

Exactly like her photos and movie, if not better in real life. This young lady is very pretty, cheeky, funny and fine in a perfect little package. Long brown hair with highlights, enhanced but done well breasts and they are great and very responsive to touch. Has a great body and very well toned.

The Story:

I have a penchant for the Asian persuasion when it come to ladies I visit and I have to say this young lady is one of the best I have visited. She is the most attractive for sure and I have seen Kianna Dior who is stunning in real life but this girl is hot. Everything was on offer except anal which I can live with. The whole experience was excellent, has excellent English is sexy and cheeky and loves to fuck. everything is pert and tight and her service is great too, certainly isn't a clock watcher either. Its rare to actually find an escort who meets your expectations when you see a picture of them as usually its never quite what you experience this was different. I can see this girl becoming extremely popular and maybe going indie but she is only here for a max of a year so be quick as she's a cracker. a 10 in my book and like in Edge Magazine, that's a rare feat indeed.
