The Lady:

Tall Estonian lady looks with humongous natural boobs and lick-able nipples. Very sexy, down-to-earth and really gets into it. Same girl as on photos. What more could I want?

The Story:

I have a thing for tall blonde Eastern Europeans who do A-levels as her site indicated. We spoke on the phone and in a very sexy accent she confirmed she loved anal, so I dropped everything and headed across town to her Mayfair flat.

She looks good, it's definitely the same girl, and after exchanging money and a shower she stripped off and showed me her massive breasts.

After some brief BBBJ I asked for a tit fuck and it was great to watch me sliding my oiled shaft between those mounds.

On with the condom, and we did the usual routine of positions (cowgirl, mish, doggy) until she lubed ourselves up and I could slide into her tight bum. After a few moments for her to get used to it, she started sliding back on me and I was in heaven.

Finished with OWO and CIM, and stayed and chatted for the rest of the hour and she is a cool girl, probably a lot of fun for a night out with some drinks, so yes I will probably see her again for a dinner date.
