### The Premises:

A very well-known building, home to quite a few escorts, on the main road just five minutes' walk from Notting Hill Gate tube. It is a four-story walk-up and the flats are small, but clean. A very safe area. Parking is difficult in the immediate area, but metered parking nearby. I did not check the bathroom facilities, but I know from other flats that they are small.

### The Lady:

Vicky is a knock-out in her photos from the agencies and is much the same in real-life. Her face is a bit more angular than it appears in the photos, but still very beautiful. She is taller than some Thais and more voluptuous - not a slim, tiny nymphet but a well-endowed sensual lady in her mid-20's. Beautiful natural full breasts. She does not shave her pubic region, but trims closely with scissors, which is much more pleasant. I found her extremely attractive in every way.

### The Story:

Rarely have I found an escort whom I thought was destined to be a star; I see most girls once or twice and that's enough. In the past couple of years, there have been only two whom I saw frequently. Now there will be a third. Vicky is very new at the game but shows a proficiency which belies her limited experience. She appeared wearing a skimpy, sexy red outfit that was designed to arouse. We spent the first few minutes chatting about her background (her English is excellent and her humour delightful) and then - after the necessary exchange of cash - the skimpy red came off and revealed a body that looked like it was made for sex. First she quickly wiped down my groin with antiseptic tissues and then went to business. Her DFK was quite passionate and, when we moved to the bed, I got the full benefit of her oral skills. Her BBJ with lots of tongue and spit and fingers is superb. I returned the favour with some serious DATY until she came (or gave a very convincing imitation). Then we moved to full sex in a variety of positions, with her making all the appropriate moves and sounds. I am not very keen on A when the traditional method is so satisfying, but it is an option if one is so inclined. After she seemed to have climaxed about 4 or 5 times, we returned to OWO and she finished me off. What made it special is that she acted as if we had known each other for ages and there was a lovely intimacy in what was more akin to "love making" than "having sex". It was an ideal GFE experience and one which I cannot wait to repeat.

Incidentally, she said she will be moving soon to a larger flat in the same area.
