The Story:

Having met Bibi before, I was aware of the treat I had in store and level of the quality of the service she provides. She was not to disappoint, but more of that later.

A knock on the door and it opened with her waiting for me in a black lacy LBD which was struggling to contain the Leeds 2. She does indeed have a magnificent pair of boobs which I was eager to re-acquaint myself with. Some subtle and sexy French kissing followed which certainly aroused my ardour so we adjourned to the bedroom where my clothes were quickly shed as she teased my by now very sensitive nipples. Standing behind her, I slipped off her shoulder straps to allow me to fondle her breasts. This was heaven as she ground her bum into my crotch.

She then sat on the edge of the bed where she eased my manhood out of my last remaining item of clothing and proceeded to give me the most awesome BJ. Slow and sensual with her saliva lubricating everything nicely and her technique is stunning as she takes your full length, interspersed with the attention to your balls.

With a whispered "Amazing what you can get in Poundland these days" she continued but with the added bonus of a mini vibrator which was expertly used to caress both my cock and balls whilst using her lips and mouth to arouse me still further.

I was ready to explode but that would have been rude of me not to repay the favour. I pushed her onto the bed as she spread her legs to reveal herself through the crotchless knickers she was wearing. As she went to work on her clit with the vibrator, my fingers were stimulating her G-spot as I applied my tongue to her pussy and labia. The knickers were soon discarded as the tempo increased until she came with an almighty shuddering climax. This was most certainly not faked as she fought for breath and went extremely red-faced as her pussy clenched my fingers and she became VERY wet.

I let her catch her breath as I relaxed next to her but soon enough the glint her eye told me it was now my turn. She rolled a condom on me using her lips and mouth and I then covered her and entered in one long, slow, smooth stroke. I continued for quite a while like this until she whispered

“Doggy? In front of the mirror?” I needed no second invitation. The sight of her gorgeous boobies swinging in time to my rhythmic thrusts aroused me no end as our coupling became even more frantic. I grabbed her hair as we were both ready to release ourselves which happened with joyous intensity for us both.

We were both spent. Completely drained. Wobbly knees and all that. But I defy any man to lie next to her stroking her soft skin whilst both naked and in the mood and not become aroused. I did and so with condom self-applied this time I entered her from behind whilst she was laid flat on her tummy. My god but she felt deliciously tight around my cock! It wasn't too long before I was ready for a second pop and sure enough I came again as she thrust her hips up to meet me.

This time we were utterly drained. There was no more in the tank. We were both grinning that silly grin of two people who had just had the greatest sex together and it felt bloody wonderful.
