The Premises:

Fairly easy to find, secluded park spot although close to a lot of shops. Nothing fancy, but nothing that would turn you away either.

The Lady:

Very attractive. Nice body with an amazing ass.

The Story:

Decided for my first ever to go with a nuru massage, as it quite intrigued me. Lucy greeted me, very friendly and made me feel very welcome. She left me to get a quick shower and strip off, which I did. She set up the blow up bed for the massage, and laying me down on it covered both ourselves with hot oils.

She then began to rub her body very tightly against mine, with her breasts pushing up against my bum all the way to my shoulders and felt great! When she started straddling my back with her pussy and really massaging it into me, it was even better! This lasted for an eternity, until I was definitely relaxed and in the mood!

Lucy then decided it had been long enough and threw me onto the main bed. Playing with my balls, she licked all over my cock, looking into my eyes before saddling up and sliding it into her pussy. After a bit of fun this way, she winked and asked if I wanted to take her from behind. She didn't have to ask twice! What can I say, grabbing onto an amazing ass and going for it was great, but Lucy really worked her behind onto me, and so it wasn't long at all before I came, and it felt like I absolutely blew it into her. Falling down she even let me have a little cuddle and teased me a bit more before sending me on my way. Haven't had the chance to go back yet, but it was definitely worth the visit!
