The Story:

There are two types of girls in this work, those who give you a great experience, who are into their work and leaving you wanting more and there is Peaches.

Met me at the stairs, followed her great looking ass, she showed me to the room and asked if I wanted a drink, I asked for water and then she left for over 5 minutes to come back with no drink!

Laid down for a massage, back only for an age then I turned over for a chest only! Got me going by hand then immediately stuck on a too tight condom, I asked her to take off her bra. Some ok oral to follow, offer 69 but she said she was too sore. All the time she positioned her self so there was no touching any where. Tried to come on top but was not prepared and ended my enjoyment. Finished me off by hand with no eye contact.

Was not interested what so ever, no physical contact, a waste of time and money - hopefully she will find a better job she is more interested in. Would never go back!
