### The Premises:

A large and comfortable flat in apartment building at the Olympia end of kensington High Street. A safe and discreet location.

### The Lady:

Stephanie is a Romanian girl in her early 20's. She has maybe put on an inch or two since her photos were taken but is still slim and very attractive with all the right curves. She is also charming, intelligent always has a smile on her face and just really nice company...

### The Story:

I do like Stephanie, something about her!! I have met her a few times before, the last time was almost a year ago, so I was pleasantly surprised when she immediately recognised me.

She also knew exactly how to entertain me.

What followed was two hours of mostly 'kinky' fun. Domination, toys, tie + tease. With Stephanie appropriately dressed in latex rubber. She very much enjoyed her role as a dominating mistress and most definitely knew all the moves and more. Pain and pleasure.

I won't give away too many details of the encounter, other than to say that Stephanie is a sexually confident, imaginative, enthusiastic and rather naughty young lady. All I could wish for. I must add that the final moments of passion were so very intimate and pleasurable, I do hope it can be repeated many times again.
