A very attractive lady who is exactly as her photos suggest. English lady about 5'3". everything she describes of herself is accurate

The Story:

I was only in leicester for a couple of days and had noticed Lisas website. It seemed that she offered everything i enjoy so i decided to give a ring.

I was very lucky that she had just had a cancellation which was my great fortune.

Lisa arranged the time to visit my hotel and was dead on time. She kept me informed as to when she was on her way and also let me know when she arrived.

She arrived and quickly changed into something more appropriate straight away.

After getting the payment out of the way we started kissing, something i enjoy. Boy she was fantastic at kissing.

Then undressing me and giving wonderful owo.

The rest of our time i leave between us. I was so happy that i rang. The only dissapointment was that i did not book for longer.

Lisa gives everything she promises and does not dissapoint for one minute.

I understand she is very new to escorting. It does not show at all. This lady is absolutely fantastic.

Go to see this lady you will not be dissapointed. A fantastic GFE

I will be back in leicester in the new year and i shall certainly be back to see her and this time for longer.

Thank you lisa. See you soon
