The Premises:

Clean and easy to find top floor flat at a residential location.

The Lady:

Olive skin lady, perfect size 10, slim with curves on the right places.

The Story:

I entered her place and she was wearing a mini skirt with a tight top.

Once in the room she sat on the bed with her legs spread and I notice she was with no panties; I got undressed and she commented that my cock was very large.... (I am extremely average compared to other black guys---I am only about 8 inches) She couldn't get the whole thing in her mouth so she concentrated on licking and sucking the head.. She allowed me to finger her and then she asked me to fuck her.... As with her mouth, her pussy was very shallow and I couldn't go deep on her when she was on dog position without hurting her.... Very tight pussy! I took her on missionary position what I enjoyed very much.

On overall we had a very good session and she is a very friendly lady.

See her before she gets out of the business for good....
