The Premises:

Her flat is close the earls court station. The flat is fairly nice from the inside. It only has a shower, no bath though.

The Lady:

LunarTanya is considerably better looking than her photos. Its one of the rare cases where they have over photoshop'd for the wrong reasons. She's also not 5'5, I'd say slightly smaller but that adds to her package. I advised her to take some selfies or a video and put them on the site as she's so much better looking in real life. She really has natural beauty. If I saw her on the tube, I'd look twice.

She was dressed in a spikey dom outfit. She looked amazing.

Her English very good and having a conversation was no problem. She's also very attentive, sweet and is interested in what you want.

The Story:

We started off with some light dom and tie and tease. She was excellent and playing a light dom. Almost like a gf would play it rather than a real dom (which is perfect). She can be harsher but thats not my scene. The owo and rimming was excellent too. She has a lot of energy, sadly I did not.

One of the things I noticed was how sensual her touch was. She knows how, where and when to touch. The massage afterwards was great too. She's not a clock watcher either. I must have been there 15 mins longer than I should have.

In conclusion, She's one of the sweetest and nicest girls I have seen in a while. I would certainly get in there before the word is out. She can play PSE or GFE equally well.
