The Story:

I arranged to meet Chloe with her friend Angie, I have met with Chloe several times and its been fantastic. But this time we met her friend Angie came along. I wasn't sure what to expect but wow these two together completely blew my mind, this is the second review I have done on Chloe and I went into a bit more detail, I am not going to say too much about my experience with Chloe and Angie because I am greedy and want it all for myself. Since Thursday I have been buzzing, to watch two women kiss and lick each other like they did only happens in X movies, what they did to each other and me I have never seen in a movie. All I am going to say go and find out for yourself and I promise you that you have never in your wildest dreams experience what these two lovely girls will do to you.

I will be seeing them both again I just hope they are free because if the word gets out there could be a long waiting list.

Chloe when you read this please give me priority you two girls are fantastic thank you.
