### The Story:

I should have realised this was not going to go well when Michelle greeted me not with a kiss but with a hand shake. Hardly made eye contact. Started by telling me to have a shower after we had agreed an hour. I only stayed as she had made an effort in the outfit and looked very nice. After shower she asked if I wanted a massage, yes please. Lay down and the massage was ok, but not sexual at all, quite relaxing but no turn on. Eventually turned over and she removed her bra to reveal a wonderful bust which felt lovely until she moved far enough away that I couldn't reach. Oral with was ok, nothing special then she asked shall we do sex? Ok I said, by this point all my attempts at conversation came unstuck. Then a first, she said we will do her preferred position, clearly my preference was not important. She climbed onto reverse cowgirl which was enjoyable to conclusion. I had to clean myself up, she just went into the bathroom, I asked if I could have another shower. When back in bedroom found she had completely removed her lingerie & outfit and now wearing a gown. Clearly time to go even though only 30mins had passed. I said I had paid for an hour, she said I could stay if I wanted but quite simply it was now so awkward I had to leave. One of those experiences that makes you feel used and ashamed. This will put me off punting for sometime. Clearly Michelle is not interested in providing a service the client wants, our needs are simply ignored. Avoid.
