The Story:

On arrival Terri opened the door with a nice smile and hug, handed over the envelope and asked to clean up in the bathroom. We had discussed earlier what I was interested in as on an earlier visit I noticed a cane and whip and mentioned that I was curious about that kind of thing but had never experienced it. Terri suggested a 90 minute appointment instead of my usual 40 minutes. On entering the room Terri ordered me to lay on the bed face down she then secured my ankles and wrists and blindfolded me. Next she started to tease me with a cat o' nine tails stroking my balls and bum before giving me 10 lashes, this warmed my bum up and she then proceeded to give me a severe whipping with an equestrian whip until I begged her to stop. She then loosened my ankles and I heard rustling of elastic or something she was soon massaging my rectum with lube and rubber gloves and entered my rectum this I had not experienced before and found it most erotic, soon after she slowly entered my rectum with a strapon gradually building up the pace and at the same time wanking me with the other gloved hand - I could hold back no longer and came profusely. After this Terri gave me an erotic massage and turned me over and teasing my balls and cock soon she put a condom on me and gave me some wonderful oral I got hard again where upon she mounted me and pleased herself moaning as she did so after she had cum she took off the condom and proceeded to give me some teasing slow hand relief until I had cum again. After being released I went to the bathroom to freshen up not believing what had just happened, I dressed and

immediately made another booking ! A fantastic time with a lovely lady that you feel confident with and has the experience to give immense pleasure.
