The Premises:

This is HOD1 in Queens Gate, South Kensington.
A very upmarket flat. Goodness know how they can afford this!

I was ushered in by a good-looking East European Blonde. I wondered if she was available as well.

The Lady:

Pixie is a 5-foot something, short-haired blonde. A good looker but it is the playful glint in her eye that draws you in.

For those who can remember; imagine a young Kate Bush with those impish looks. The name, Pixie, is well chosen.

She is beautifully proportioned with a nice large pair - all natural.

The Story:

This girl is a ball of fire!

From the off, it was full-on snogging and deep-throating my uncovered Jon-Thomas.

Pixie fingered my ass as she went down on me which I do not like much, but I was not going to stop her in full flow.

This girl is a pleasure machine and she knows it.

We 69'd with Pixie making appreciative noises. As I fucked her she encouraged me to go harder.

30 minutes is not enough. You can get a PSE and GFE rolled into one.

Pixie made me feel special and this comes easy to her.

She is a special girl.
