As per the website. The pictures are a few years old now, but still very accurate

The Story:

My wife and I have seen Pixie before a couple of years ago (see our previous report) and as a treat my wife suggested it would be nice if we went back. She's so good to me...

Plans were made, We booked a hotel and arrived about 5 minutes early and were shown to a room by the maid.

Almost exactly at 7pm the door opened and Pixie walked in looking amazing! She remembered us from our previous visit and greeted us with a nice kiss and cuddle, like we were friends who hadn't seen each other for years. She remembered that there were rules last time and asked if these were still in place, but my wife decided that if the mood took her, these could be relaxed! Happy days!

While undressing the kissing started, and boy does she kiss well, full on DFK. After a short time her attention turned to my wife so she could help get her undressed and was blown away when they started kissing each other, full on. No mucking about here, my wife's bi-side really starting to show through, and in next to no time at all, I was rock hard! I stood and watched for a few moments before joining them in a nice kissing 3 way, which soon turned into Pixie dropping to her knees and taking me in her mouth, and that's where things started to blur into a really sexy threesome. After we'd moved to the bed, Pixie said she'd love to do something to my wife that she never got to do last time and we down on her. Watching Pixie work her magic on my wife was amazing. After a short time I said I have to fuck someone and my wife flipped over so I could take her jockey fasion, which didn't last very long, after only a few strokes, my wife stopped me, turned over and said "That's all you're getting from me, you'd better fuck her!". I didn't need to be told twice and got Pixie to lay on her front so I could fuck her jockey too, and to make sure I was good to go, I told my wife to hold Pixie's arse apart so I could enter her, which she did without blinking. Seconds later, I was in!

Fucking Pixie while kissing my wife was an experience like no other.

The bed in the room was the metal frame type which I don't like so after a short time, we moved back to sucking and kissing each other, and time started to run short. Pixie took me in her mouth once more and started to work towards finishing me off. I was aware that time was coming to an end and found it difficult to relax enough to orgasm, but she told me she wanted to swallow my cum which soon did the trick. With my wife stood on the bed while I licked and sucked on her clit, I came to a shuddering climax in Pixie's mouth and she swallowed almost all of it, while continuing to suck my cock, leaving me weak at the knees for the next 2 hours!

There had been 2 knocks on the door already and I was very aware we'd overrun, which we had by 15 minutes!, and it was only after we'd got dressed and were leaving that my wife suggested we pay Pixie! I'm sure it hadn't but it was almost as if she'd forgotten about the money!

This girl is a real diamond and should be properly treated with respect and you will be rewarded with one of the best times you could have!

Will we visit again? What a stupid question, we're already planning to!!
