The Story:

I have previously met Diana for duo dates, with her lovely friends, on her "home ground" of Manchester. However this time I met her for some one on one time, during one of her visits to London.

Diana's pre-meeting communication was first rate and deliciously flirty.

Diana suggested we met for an "appetizer" in her Hotel room first, followed by dinner in a nearby French restaurant and then "dessert" back at her Hotel. A menu I couldn't resist.

I'm not going to go into too many details, but Diana was stimulating companion both in the bedroom and across the dinner table. For me she is the perfect blend of sensual, raunchy, charming and intelligent.

At the restaurant my conversation was somewhat stilted by the knowledge that after our "appetizer", Diana had neglected to put any underwear on, under her little black dress. She only put some on when we got back to the room, but it didn't stay on for long. This might be the only meal I have ever had where I actually burnt off more calories than I consumed.

A wonderful evening, with a special lady and an experience I hope to repeat soon.
