The Story:

Suse is a very cultured Latin lady who is so interesting to talk to as much as look at. She shows a real incite into many of today's talking points. I was amazed and pleasantly surprised to be able to converse with her.

The hour I spent with Suse was amazing. I have already mentioned about her intelligent and skills to talk about any conversation you bring on. She sure is up dated with is going on in the world. I can assure you her sex is even better. She is so sultry with a pair of come and fuck me eyes. We went through all the positions I could manage in the hour including some I had never tried before... She seemed she enjoyed herself in the session as well. She loves to suck a cock and went at mine with great determination to bring me to the edge. I licked her out and spent some time on her gorgeous tits that have such great nipples. We finished our routine with her on top riding me and me spanking her arse until she made me cum into her. She loves to joke around and I liked this because it is supposed to be fun and with Suse it certainly is...
