The Story:

After 20 or so punts this is my first ever review - because the experience was so bad!

After struggling to understand her directions on the phone due to the strong foreign accent, I reached her flat. The lady turned out to be Romanian. She was wearing no make-up and looked like she'd just got out of bed. I'm really not sure if she was the same person as in her (very nice) photos on AW.

Basically she was bored and disinterested, and just wanted to get it over with a.s.a.p. We stripped, I lay on the bed, she gave my cock a few half-hearted rubs and then almost immediately tried to get the condom on before he was fully stiff. She jumped on top and started bouncing up and down. After just a couple of minutes she asked if I'd come!

We switched to missionary for a couple of minutes, then I asked for doggy - she refused. She also told me not to suck her nipples. In the end I let her go on top again and keep going until I finished.

After we finished she jumped off and headed straight for the en-suite shower. She also called out something in Romanian ... there was someone else lurking in the flat all along!

Overall I was probably in the flat for no more than 15 minutes, even though I'd paid for 30, and was glad to get out.

Avoid!
