### The Story:

Nice to see Indian palace is not keeping any "maids" which used to be always men who open the door and make you feel awkward from the start. Devi opened the door wearing a long gown, welcomed me in and into the room. Asked about the service and she returned within a few min. Got on the floor and gave a amazing bj with her gown on purpose to tease whilst showing her boob cleavage. The gown came off to show one of the best bodies at indian palace. Amazingly tall, pretty slim but not too slim. Boob size is huge (implant). Basically a tall, thick and toned woman. I would say she is the best looking girl (body wise) at indian palace right now (especially after Sarina has left). The closest thing you will find to an indian pornstar with fake tits and massive massive ass-amazing. She is a dirty talker, will give a less vanilla experience than other girls who stick by the rules way too much. Highly recommended girl and worth a visit. She can be a innocent girl and also a right down dirty girl who can control you. Definitely experience is her advantage and she does know what men want. Eager to please and not just in it for the money, does seem to make you want to be happy right till the end.
