### The Story:

Difficult description of location postcode not helpful, arrived and let in and sorted paperwork. She went into kitchen and left me to disrobe, I got the feeling there was someone else there. Arrived back and kept complaining about cold which it wasn't really, told rules no fingers inside and no kissing, well did not need to be told that with the amount of cigarette smoke around.

I lay down on the bed and then she grabbed hold of the old man and started tugging at him like a mad thing then out came the cover, I asked about OWO and she said she did not do it, it said she did on the web site. anyway I asked to slow down so she lay back and asked me to fuck her. Lasted about 2 mins with her regrowing pubes like needles in my balls.

I did not wait around as first she said there's the bin for the cover and clean yourself up I am going for a shower.

I paid for an hour and was only there 15, god knows what we would have done for the remaining 45. I say avoid this woman, unless you go for the £40 quickie
