The Premises:

The Lady:

About 5'6".

Late 20s.

Dark hair and eyes.

Apparently Moldovian.

The Story:

Terrible experience - a cold thief - avoid.

She decided she did not want to proceed within 15 minutes.

This was due to the fact that I have one testicle - the other removed from a cancer.

She would not return any of the fee - effectively theft.

She was cold, inflexible and did not smile once, despite my being hospitable.

I feel I've been robbed.
