### The Lady:

Very pretty slim european girl aged about 19, height was around 5'3". Not the girl featured in the photos of her profile.

### The Story:

Though this was a different girl to the one featured on her profile, I was pleasantly surprised as she was quite a sexy young woman. I kinda like the slim build type of girl, so she was ideal for me. Before handing over the money, I made sure that she was ok with the services i wanted, which was reverse oral and owo. To my delight she said she was, but it would be an additional charge. Being christmas I thought what the hell and paid the extra. She took the money and disappeared for about 10 minutes. On her return, she came in the room and said she needed to go to the toilet. She came back and undressed, put on some music then got onto the bed. She urged me close to her for a kiss, but instead of the deep french, we barely touched lips. As she lay back, I was just about to kiss her nipples, when she stopped me to explain that they are very sensitive, and I should lick them gently. I said its not a problem and so moved to the reverse oral. Again she stopped me. She now explained that she had only shaven today, so again be gentle, but I could only lick the opening, not above or below. As i did this, she arched her back up and my tongue went to the crack of her bum. Again she stopped me and said I can't lick her bum. By now I was getting slightly frustrated, and she could see this, so she turned to me and asked to give me oral. I said ok and then she proceeded to lick and suck away at my member. She did put it in her mouth, but she was performing oral in such a way, that it was barely touching her lips. At this point, the door opened and the maid came in to call her. She jumped off the bed and went to the door. She came back and said the maid wanted to know if she was ok. I was a bit bemused, cos she was not screaming or shouting or nothing, so why do this. Before coming onto the bed again, she started to dance to the music and got a cigarette out to smoke it. As I was getting no enjoyment for my money, I asked to lick her out again, even if it was the little opening bit. After the cigarette, we eventually ended up having sex with me on top. She did feel very nice and tight and I came after about 10 minutes.

Again the door opened, and again she jumped up and went to the door. This time she went to chat to the dog. After a few minutes she came back and began changing the music. She came to the

bed and said I had 18 minutes left, and asked what I want to do. I asked her to suck me off again, which she seemed not happy about. She did it for a minute, then turned to say it's not waking up. I told her if she kept stopping to chat, then it wont wake up at all. Then she started to just fiddle around with it. At this point I just knew that she was wasting time and was not going to try for a second time. I told her that I can usually cum 3 times in an hour, but she is not making an effort. I also told her that maybe she is not attracted to me, but this is her job and I have paid for a service. She said it was not about attraction, and she was now sad. I just got up and began getting dressed, then left.

I felt totally gutted knowing that I could have got a much better service somewhere else for the same money if not a little less.
