The Lady:

Both girls are lovely though not stunners. Patsy is young a sweet personality and really fun to be around. She has quite a nice body. Leila is older a bit fierce at first but we became very well acquainted and by the end of the encounter I really liked her, she also was very fun to be around. Her body was okay.

The Story:

I found myself in a central London Hotel all alone, so I fancied a bit of company and gave myself a little Christmas treat. I have had duos before but I wanted to experience a Thai duo with a lesbian twist. Reading previous reviews I was worried that a true lesbian experience was going to be hard to book. Again, using various past reviews and taking into account the large numbers of agencies I could potentially use, I used Invasion Escorts. I was very happy with the service provided by them. They were very professional and guided me thorough what I required and who best could provide it. They were spot on, Patsy and Leila gave me all I wanted.

They both arrived together right on time. After sorting out the initial business they already knew my requirements and got down to it. They spent 45 minutes together on the bed doing exactly what I would expect 2 girls who were into each other to do. They kissed each other fervently; they caressed each other and went down on each other passionately. They also used toys on each other with the highlight being Leila attending to Patsy's ass with a large dildo. They did all of this while I watched but both ignored me as they were too much into each other.

Eventually I had to enter the fray. I spent the next hour doing all sorts of things to both of them. I fucked both of them both including both anal. They were all over me with their mouths on every part of my body. Both were really into licking my ass!!! which by the way is very pleasant. The 4 hand massage was blissful. Every single part of this experience was mind blowing but if I had to choose a highlight I would find it hard to choose between me fucking Patsy up her arse while Leila was on all fours behind me with her tongue caressing my arse or when both of them went for my feet and spent 5 minutes licking them, one girl on each foot... that was out of this world.

We then spent 15 or so minutes cuddling in bed chatting about things.

Both girls were so great and though the whole thing was a bit expensive, it was worth it. When time and finances allow it I will be back.
