### The Premises:

A tall council type tower block in East London. Not very pleasant really, but the room was functional.

### The Lady:

Just as her pics, she is slim and quite pretty. She was friendly when she greeted me and was dressed in jeans and t-shirt.

### The Story:

I was in the area and had spoken to another lady who, after agreeing a time, suddenly refused to answer the phone with her location. So I thought I would try Letiyah. She agreed to a meet despite the short notice.

A quick walk to her place, which when I saw it nearly made me turn round, but I decided to go through with it.

Letiyah is a friendly girl and quite sexy. She did everything I wanted and all the enjoys on her list.

She stripped down to her g-string and I got her to kneel on the bed so I could lick her pussy, which she seemed to enjoy. We moved to 69 and she sucked my cock with quite an aggressive action which I quite enjoyed.

Some sex in various positions and I had had enough, so finished up and left.

She told me she was going to move to Finchley in the new year and had some friends too. I may visit her again there, but I won't go back to her current place.
