The Premises:

Private block of flats that she shares with Sophia - clean enough inside, though the shower doesn't work properly. The bedroom itself is quite dark, with walls painted purple/near black and a lack of a good light means that it's dingy inside if it's overcast or dark outside.

The Lady:

She's attractive enough - though the pictures are definitely buffed. Gave signs of being tired - dark lines under eyes, and body looked run down in a particular way.

The Story:

The kissing was fine - though she needed a lot of leading, and I eventually got her to give me oral. Which was okay - though not the deep throat that was advertised. When I went into the bathroom to cleanup though I realised she had just dribbled my cum back onto me - which meant my pubic hair was all glued together *eugh* and I needed a shower

Round two I tried to have sex. It was quickly apparent that for whatever reason she wasn't keen on taking me particularly deep - keeping her legs fairly close together at all points. Gave up and asked for a massage. She asked me if I wanted to take a shower with about 10 minutes left. As I was drying myself she got more animated - and talked about her various customers and how she had one just after me.

Other down side - our activities had left a wet patch on the bedding - and if there was a guy just after me, she didn't seem to show much hurry to change the bedding so he was going to be out of luck.

I'll give this flat a miss from now on - as both the girls I've seen here have provided fairly poor levels of service - especially at 120 pounds/hour.
