The Lady:

Avis didn't really look like her pictures at all - in the photos she looks quite waif-like, but that's not what she is like in person. But no matter, she's a good looking girl. Curvy, with a nice smile.

The Story:

She started off friendly and chatty, I had a shower and when I came back she had partly stripped off and invited me to get onto the bed. Unfortunately, not all the promised services were on offer - no kissing, for a start. However, I have to say that her blow job was out of this world - deep, sensuous, sloppy and downright fantastic! No cim though, despite this being offered on the phone - she practically recoiled when I started to explode.

She went to the bathroom to clean up, and when she came back she was wearing a robe and obviously wasn't interested in round 2. The chemistry had gone and there was no point, and all of a sudden not much conversation, so I showered and left. So - I had one of the best blow jobs of my life, but I have to say it was overpriced as that's all I got!
