The Premises:

Flat in Mayfair, nice decor and safe area. Rose petals on bed was nice touch.

The Lady:

Tall blonde lady with bubble butt and nice large natural tits. Pretty face and welcoming.

The Story:

Was first worried that she was just a GFE girl, as she was very gentle with me at first. And I had told her on the phone I wanted PSE sex with Anal and to cum in her mouth. But she kisses very well and got me hard anyway. She has a good oral action with use of tongue on my helmet. This was more like it. She got on the bed and got on her hands and knees and told me to fuck her as hard as I could. I fucked her like that and she let me put two fingers in her butt and then she told me to fuck her ass. I fucked her ass from behind and when I was tired she got on top and rides me like the wind still in her butt. Then I told her I was ready, so she took off the condom and gave me a tit wank and when I was cumming she sucked me clean.

Then it was back to some GFE with an assisted shower.

Top marks for this woman, she really seems to like anal sex and to behave like a porno star, but still be GFE when it matters the most.

Will see her again next time I am in the UK.
