The Premises:

Brooklyns - I was in the small room again nearest to reception which does not have as good facilities as the other rooms.

The Lady:

Slim, dark hair, small enhanced boobs - not as well done as Sienna's.

The Story:

Having had some good experiences at Brooklyns in the past this one was not. Firstly although I was booked in for 3.45 Fallon did not appear until 4.05 - it was obvious she'd had another appointment until 4.00 so I was double booked. Also she was in a rush to get done and it became equally obvious she had another appointment at 4.30. We finished at 4.20 so I felt ripped off.

The punt itself was not great - Fallon complained of having sensitive ears of all things and if I even brushed against them she screamed and pulled away - that really put me off so there was no way I was going to cum as I was far too wary of making her scream again. She didn't seem to like her hair being touched either and my attempt to massage her back was received with a similar response. She just seemed really on edge for the whole, short time I was with her.

In the end having written off the punt I asked her to try and bring me off by hand using oil - she carelessly tipped half the bottle over my balls and then half-heartedly attempted to bring me off, after a short time saying I'd 'have to cum' as she had to finish.

My worst experience by far at Brooklyns and I'll think twice about going back again now. The experience with Fallon may have been bad luck but the double-booking was way out of order.
