The Premises:

A central aberdeen flat - rather run down. Seemed clean enough but smelt of smoke.
Horrible cheap bed with a bouncy squeaky mattress.

The Lady:

Her pictures are of a toned slim woman, described as 5'10" in height.
The pictures are of her, but must have been a while ago.
She now older, heavier and more tattooed. And shorter than 5'10".
was also dissapointed with her hygiene.

The Story:

I had a bad feeling on arrival due to the down at heel flat and that she was no longer like her photos.
I wish I'd been stronger and left.

She took the money and asked me to get undressed.
With no conversation climbed on the bed beside me and put a condom on my soft cock.
She sucked and roughly jerked me till I was hard and then asked if I wanted to fuck.
This must have been 5 mins into the appointment and she hadn't looked me in the eye since she took the money.
No conversation or any attempt at erotism.
She didnt offer any lube, so with saliva I entered her and started in mish. Still no eye contact.
I got bored and asked her to switch to doggy. this was better but after like 2 mins she started complaining I hadn't come.
Thinking it wasn't going to get any better I banged at her till I did.

I was probably only in the flat 15 mins.
She made no effort to give me a good time at all - clearly she hates her job.
Avoid.
