The Premises:

Champagne is based in Holborn where she shares a flat with another girl. Her room is compact with low lighting, and there is one mirror to the side of her bed. The bathroom is also quite small, but there's still room for two in the shower.

The Lady:

Champagne is a real stunner! I'd say she's mid-twenties, average height. Pretty face (a little resemblance to pornstar Sharon Lee), with a killer body - slim waist, shapely curves and a perfect pair of natural breasts with large nipples. Closest photo on the agency site is the one of her sliding off the chair!

The Story:

Champagne answered the door dressed in stockings, suspenders & heels and I was immediately taken at how pretty she is. Seriously, one of the best looking escorts I have seen. After taking care of the financial business, Champagne was very attentive in helping me undress, bathing me in the shower, and offering me a glass of chilled white wine.

Services were definitely catered to the GFE scale, beginning with a little oral and lots of ball sucking. A more prolonged covered oral session followed (slightly disappointing that the condom was applied so soon), then some wonderfully energetic sex with Champagne riding me cowboy style until I finally climaxed. A rather perfunctory massage ended the session, but to be fair we were really just chatting by this stage.

Champagne is still quite new, and seems quite reserved - however, she is a nice girl and very pleasant company. I think she's had a few bad experiences with other punters initially, but I'm sure her confidence will grow and her overall performance will improve if treated with care and respect.

A final thanks to the agency who were incredibly helpful when my original choice of girl cancelled at short notice.
