The Premises:

Ground floor flat in a a house maybe ten doors from Earls Court station on Warwick Road. This was a very bog standard flat, nothing upmarket. Room was warm and tidy. I think her room used to be the front room of the flat.

The Lady:

Just like the photos on the agency site. only she looks a little taller in real life. Or maybe its me.

The Story:

I couldn't resist a night with orange after coming across her profile on the internet. She ticked all the boxes with her killer smile and gorgeous body, particularly her ass! I love Thai escorts because they make you feel so comfortable, but Orange had something special. She turned up in a simple but sleek dress that hugged her figure and showed off her fantastic legs in heels. Her cute giggle and bouncy curves got me going like no other escort I've met!!!

She made me feel like more than just a punter and I felt like we clicked from the off. The cherry on the top had to be the saucy Thai massage that Orange gave me to break the ice... she instantly helped me unwind and things soon heated up after that.

Orange knows how to work her curves and get you into a frenzy before making you melt with her awesome skills in the bedroom. Orange was attentive, beautiful and great fun and I will definitely be visiting her again soon.
