The Lady:

Audrey is 26, Hungarian (speaks good English) attractive, medium height, and quite big, especially around the hips and thighs.

The Story:

Audrey was friendly on the phone and on my arrival. I felt like being pampered, and opted for an hour's massage with hand relief and prostate massage, which I thought was good value at 70 pounds. Audrey kept her bra and pants on, and proceeded to give my back a slow, sensual massage. Her hands were warm and skilled, but I was too aroused to delay for long, and after about ten minutes let her bring me off by hand.

After a few minutes recovery time I asked her to work on my prostate. She lubricated her finger and slid it gently inside me, then gave my arse a really good work-out. She was very patient, working on my balls and cock as well - but I'd overestimated my capacity: these days it's almost impossible for me to come twice in one hour. She showed no signs of wanting the session to end, even when it was clear I wasn't going to get stiff again, and gave me a really thorough and sensual massage, which I can still feel three weeks later. Afterwards I had a shower and went on my way satisfied - but wishing I was thirty years younger.

Audrey didn't talk much, but hers was a friendly presence, and she responded to me when I asked her questions. All in all this was a good experience, excellent value for money, and one I'd be happy to repeat.
