### The Premises:

Wasn't as nice as other Annabellas establishment's but the bedroom was decorated nicely at least.

### The Lady:

Very young and beautiful Portuguese girl, she looked about 20, website is accurate on details. Long dark hair and quite petite. Small peachy bum and lovely soft skin. Her tits are not too large but were nice with sensitive nipples. I am not a fan of enhanced and prefer natural, size doesn't matter too much to me. She is much more prettier in the flesh than on the website photo's.

### The Story:

I originally booked Izabel the night before but when I phoned in the morning I was told she would not be working today. I had to make a quick decision on who to pick. Soraya had been on my short list of girls I wanted to see, so I chose her. She is quite new to the industry, I think she said she had only been doing this for 3 months. She was very eager to please me, and tried very hard, not a clock watcher at all, I think we actually went over the 45 minutes and the maid was banging on the door eventually. I am sure with a bit more experience she will become a gem. She can speak English quite well and is chatty and nice to talk to, but she misunderstood or misheard a few things I said to her, maybe that was my fault though.

Started with some kissing, she didn't seem to want any FK though, although this isn't offered by her on the website anyway. If DFK is your thing then maybe try someone else. She asked if I wanted to start with OWO which I did. This was very nice, she likes to spit on your cock to make it wet. She had a nice technique, everyone has their own and hers was very nice. Lots of sucking use of her hands too and touching your balls. I asked if we could change to 69 as it had been a while since I had eaten any pussy. We both seemed to enjoy this and it was lovely to lick her clit with my tongue and nibble on her. I could have stayed like this all day.

I had recently started going to the gym over the last 2 weeks to try and get myself in shape. The down side was my muscles have been aching a lot as I am not used to it. I had to take some pain killers an hour before as I was still aching since the session the day before. I asked her if she would go on top for some cowgirl, which is my favourite position. We did this for a while but she did not

have the greatest technique or experience in riding, so she soon she asked me to go on top of her for some missionary. She later said she prefers a man on top, but I was quite tired. Personally I am very bad at missionary so after a while we switched to some doggy which I prefer. This was very enjoyable for me and she liked to grab my balls from under and play with them as I fucked her.

She has a lovely young and tight pussy, but I was having performance issues today and just would not cum. She tried to finish me with hand relieve with oils against her lovely beasts and later the tip of her tongue on my penis. Shame, I did not cum although I was on the verge a few times and was still hard, but the time was eventually up. I did noticed when she got off my leg there was a wet patch where her pussy was, so I hope at some point I satisfied her at least. :)

Anyway, my performance I put it down to the painkillers I was taking for my achy muscles. This has happened to me before on painkillers, I get dehydrated and cant cum. Will be the last time I use them if I am planning on having sex, its worse for me than 10 pints of beer and then sex. Still, even not being able to cum it was fun and having sex with such a young beautiful woman, cumming isnt everything, she still did the job for me and made my day. One day I shall return and finish the job properly, Soraya is a lovely girl.
