The Story:

Ah Jennifer... Where to begin?

First off, though I've seen a great many ladies over far too many years I'm not really one for writing reviews, but the attention Jennifer was getting on the London forum compelled me to write.

You see, some folks on there seemed to doubt her sincerity. Well, each to their own of course, but in my experience Jen is one of the most direct and down-to-earth girls I've met, both in and out of this hobby.

And bright, quirky and damned funny with it! Within minutes of our first meeting (some years back in my case) we were chatting like old friends and everything flowed naturally from there.

Seeing her again after her hiatus I wasn't sure what to expect, but we picked up right where we left off. Not only did she remember me, but she threw in all kinds of little details and questions that I'll take as proof positive that she was

genuinely listening when we last talked. When she told me she was pleased to see me I was happy to accept it at face value. And yes, I know I'm paying. I believe I can tell the difference.

God knows, I've paid enough girls who obviously AREN'T particularly pleased to see me.

What else?

Did I mention that Jennifer is beautiful? Not in an OTT porn star kind of way, but in the 'seriously

attractive girl at work who you never quite bump into often enough' kind of way (I say THAT from long and frustrated experience!)

As with her personality, there's a massively appealing quality of reality to the fantasy. If you love slim and classy brunettes then I doubt you'd be disappointed in Jen's appearance.

So what about her services? I'm a GFE guy so the more esoteric stuff does nothing for me, but I require sensuality, passion and a spark of imagination in the regular stuff.

Jen delivers all of this with enthusiasm and flare. Well... almost all. Unfortunately she doesn't enjoy RO, which is something I love with a truly beautiful girl who's into it.

It's not a deal breaker for me, but I guess it's worth knowing up front.

One last point to put this review into perspective: Jen's rates at Hamiltons are way beyond the limit I've set myself so I'll only be visiting her very occasionally.

The fact I'm willing to do so at all when I've resisted seeing legends like Verity and Lia Amelia (both of whom intrigue the hell out me...) sums up my opinion of this lovely lady.
