The Premises:

Flat fit for purpose located near Town Centre, clean and secure. Parking a little tricky on main road. Got directions from a friendly lady on phone, but clearly not Tiffany.

The Lady:

Her profile is fairly accurate except size of breasts. Size 12, prob 5'8", wearing similar to photos. Unfortunately the description of DD chest is misleading, prob 36/38B at best. Plain looking with awful stretch marks and big tummy.

The Story:

I requested Tiffany wear the nurse outfit and she did. However the lighting in the room wasn't great and when I arrived she hardly said hello before she had my flies undone and sucking on my cock, both of us still dressed. This was actually ok & I should have finished there. Unfortunately I suggested we lie on the bed, I stripped off and she joined me & was about to take her clothes off before I saw her fat thighs and belly about to come out, quite revolting. I said no sex, just continue with oral. Closed my eyes to get the image out of mind & thought of other ladies. Finished in her mouth and got dressed. During the whole encounter I am sure Tiffany didn't actually say anything. One for team again.
