### The Story:

Lilly is very flexible, not a clock watcher and seems up for most things. She lists receiving oral and being played with as her favourite sexual activity, so who was I to argue? She laid on the bed and spread her legs, I got down between her thighs and started licking her inner thighs from one side to the other and just licking up and down her lips as I went from one side to the other.

She got very wet and said that I had better get to work with my tongue. I got two fingers up inside her and gently frigged her g spot while licking her clit and her pussy lips. She has a very tight and neat pussy, see the pictures.

After a few minutes, she started to get very wet. Lilly didn't used to list facials and admitted that she didn't like the taste or texture of cum, who can blame her, so at a previous meeting, I suggested a facial where less cum would be in her mouth, she said at the time that this sounded like fun and would like to try it. It seems that she did enjoy it and now offers facials AND snowballing, both favourites of mine!

I asked if I could stand whilst she sucked my cock and then when I was about to come, to let me do the hand action, she said that this was fine.

This went on for a few minutes until I told her that I was about to come, at which point she speeded up and took me deeper. Just before I came, I took over the wanking and she stuck her tongue out and I shot my spunk into and around her mouth, spurting over her tongue, lips and face. Lilly then stood up and dripped my spunk from her mouth into mine, which I swallowed and then I licked the remaining spunk from her face and swallowed my spunk.

A most satisfactory and sexy meeting.
