The Premises:

The parlour has been described several times before, no problems with it, a small but clean and well organised parlour.

The Lady:

Nothing sexy about this lady at all, well older than what was described, thin except for over enlarged breasts which simply did not belong on her body, not in any way good looking.

Spent the first five minutes telling me what she didnt like about certain clients, complaining about her boss who owned the premises and stating that it wasnt her fault no more than six men a day came in...wonder why.

This parlour does get some real nice women, but she was amongst the few who were a waste of time and effort.

The Story:

very poor.....will avoid the parlour in future, description given was completely dishonest.
