### The Story:

I was in the room less than a minute and Alex started giving me a passionate French Kiss then she dropped to her knees and had my cock out and in her mouth and was treated to one of the best blowjobs I have had in ages. I'm almost always on a very short fuse first time out of the gate and feeling so aroused after my massage I didn't expect to last very long. Perhaps I didn't by most people's standard this time either, but Alex managed to keep me from exploding for what seemed an age, while driving me wild with her tongue and lips.

Then slowly and teasingly she began bobbing her head up and down on my cock making my climax build with almost agonising slowness yet with complete inevitability. My whimpers of delight grew in volume until with a choked roar I erupted, squirting my come into her mouth. My climax was so intense my body was shuddering in delight for what seemed an age. Alex smiled at me evidently very pleased with her own performance, and then excused herself for a visit to the bathroom - which was understandable since she seemed disinclined to swallow my offering.

She come back to the bed and gave me a relaxing massage and I had time to recover...

The action continued nonstop for the full length of my visit with not more than a minute or two breaks here and there. OWO, 69, OWO, up for air, brief conversation, then back sucking my cock then cg followed by where did the hour go and can I stand up to put my clothes on with no body

fluids left... What a session! Being with Alex was especially good as she was enjoying herself as much if not more than I was!

Even if she is not your usual type age-wise or body-type-wise, you won't be sorry if you see her. I will definitely be seeing her again; just don't know how soon yet
