The Lady:

Thai, late 20s, typical height, very attractive and surprisingly busty (and natural as far as I could tell) for a Thai girl. Speaks excellent English and has a fascinating turn of phrase - some reference to butterflies when she had an orgasm! I think she normally works on the day I saw her - Thursdays. Seen several reports on her over the years, but finally had the chance to sample for myself.

The Story:

Started with OWO, which moved on to 69. I had free access to all areas with my tongue, but I don't think she's happy with full anal. She sat on top and I had a chance to get my mouth around her splendid breasts. Flipped over and, after further tongue work from me (which seemed to be very much appreciated), missionary to end. A girl built for sex.
