The Story:

Saw this girl's pictures on the other site and thought she looked nice. How wrong I was. She does NOT offer any of the services offered and actually had the cheek to ask for more money to perform things that she is advertising as part of her services!! Her attitude was derisory.

I paid for an hour, and she took my money and disappeared for about 10 minutes during which time various conversations outside the room were going on with the other girls who work in this house. After returning, she wouldn't kiss or do OWO which she advertises and her whole attitude was frankly abysmal. I have since discovered the other girls in this house are all doing a similar routine. They have nice pictures but their 'service' (if you can call it that) is appalling. I did have sex with her which was a bit like shagging a blow up doll. I should have asked for my money back but given the very dodgy looking bloke with a very aggressive dog downstairs I thought it best to just get out as fast as possible.

There are a bunch of girls in this house from Romania, all advertising on the other site. I would avoid at ALL costs. These are the sort of girls that make you want to give up punting and I would strongly advise Kasy to give up as what she's doing is just degrading to herself and a complete waste of time for her 'punters'.
