The Premises:

Nice clean discreet house used to be a parlour years ago in good professional area.

The Lady:

Last year this 24-ish lady was a very good looker and now she is back a year later she looks even better with a more toned body. Natasha, formerly Miha, has a sleeker midriff, a sharper, more beautiful face, and just a little less bountiful bosom.

But I really liked her refined look and she is still busty enough for most people. But most of all she looks happy and smiley.

The Story:

I had always been struck by this lady's pretty face but from other reports last spring she was a bit dour and working from a rather unpleasant location.

Now she is in the jewellery Quarter and the place is bright and clean. Natasha recognised me from 12 months ago and was instantly smiley, chatty and friendly.

We chatted first before and after shower and then naturally slipped into fondling and the usual sort of routine.

Natasha still doesn't offer a very inclusive service - wasn't doing owo this day for example - but I find her a delightful girl to be with and I am delighted she is back and even more glad she is looking so good and evidently feeling good about life.
