The Premises:

A room in a large Kensington block of flats. Small but comfortable. bed clean. Very offputting bin full of used tissues beside bed.

The Lady:

This lady was not at all like the picture of Suki or Saki (They have both spellings just to confuse me even more). The Suki or Saki advertised and pictured was a beautiful young japanese girl. The girl I met was much older with silicone boob job. I telephoned japanese heaven escorts Agency to ask why they had the wrong picture of Suki or Saki. The Madame or Head gheisha explained that she (Suki) did not want to be recognised . I suggested they could simply blur the face rather than place a beautiful younger woman in the picture. I didnt get a proper reply.

The Story:

To be fair on Suki she was a not bad looking slim female with long black hair. Not a beauty but a genuine japanese girl(I speak some japanese). We talked about her home town which I have visited and she was a genuine japanese national. She was very accommodating and I was completely satisfied. I will see her again but feel a bit conned by the picture,. I think the agency would have no problem with posting a genuine but blurred picture. I would not see any of the top costing girls as I cannot trust this agency to be genuine. If I were Suki I would change agencies.
