The Story:

My third visit with Lucy but the last one was in 2012. I had forgotten quite how naturally good looking she is. I had not forgotten what a great pair of boobs she has (yes they are augmented but they are very impressive and sexy). She said she remembered me (I had bought her some perfume) and I think she was telling the truth. I hope she was telling the truth when a bit later she told me that my cock was huge, just before I penetrated her very wet love tunnel. It was wet from my preceding tongue work. My cock was good and hard from hers. Not wanting to waste the opportunity (Little Warrior is not all that reliable these days) I curtailed the delights of her fellatio and said I really wanted to get going inside her. She quickly dressed LW in his wetsuit, lay on her back, thighs spread, and I wasted no time in commencing some reasonably dignified fucking. Some snogging was involved too so, apart from the condom, it felt very like being back with my last girlfriend (15 years ago) except I can't keep it going for an hour any more. Lucy, lovely lovely Lucy, I wish I could darling because I would love to give you as much pleasure as you gave me. Maybe next time. Soon.
