The Premises:

Drab and shabby, claims she only just moved in but looks like at least one other punter had the same experience 2 years ago!

The Lady:

Says 40 on AW profile, but more like 50. Slim, fake tits, blonde hair.

The Story:

So she advertises as Birmingham (actually its she's in Bromsgrove)

Nice(ish) body despite her supposed 40 years (I'd say more like 50). Unfortunately that's as good as it got for me. 30mins was advertised as £70 but she wanted £80, I only had the right money on me so she begrudgingly accepted that. Whipped of my pants and sucked for about 30 secs, on went the johnny and then into the missionary for about 2mins, then she asked me to fuck her arse (another 2 mins). No attempt to kiss or talk, and after about two another minutes she said I should pull out and wank over her cunt to which she moaned a bit and that was it. Done within 5 mins. Her AW ad makes out she is some sort of nymphomaniac but the reality was rather different. She even acknowledged it was a bit quick and if i returned she'd give me longer, yeah right! I departed feeling rather cheated. Oh well, you live and learn, looks like a couple of others have had a similar experience with her so at least she is consistent.
